The following is the **NEW** schedule for the bus in term 4. We have tried hard to accommodate the needs of our community but inevitably there have been some changes. These are a reflection of timing and financial constraints. However the BOT and I are still really excited that this news will be well received and that this is a major milestone for our school.

Also please do not hesitate to contact me at school should you have any questions, concerns or issues with the proposed timetable or new set up. The prices below are for out of zone students only. In-zone students ride for free within the zoned area.

- 1 student per family - \$50 per term (currently \$270 per term)
- 2 students per family - \$75 per term (currently \$360 per term)
- 3 students per family - \$90 per term (currently \$410 per term)
